1 DESCRIPTION OF THE BUSINESS

1.1 NAME AND FORMATION

Build America Investment Grade Bond Fund (the “Fund”) is an investment fund established under the laws of the Province of Ontario and governed by the Trust Agreement (the “Trust Agreement”) between Aston Hill Capital Markets Inc. (the “Manager”) the Manager of the Fund and RBC Investor Services Trust (the “Trustee”) dated January 28, 2010. The Fund’s principal office is located at 77 King Street West, Suite 2110, Toronto, Ontario, M5K 1G8. The fiscal year-end of the Fund is September 30.

1.2 STATUS OF BUILD AMERICA INVESTMENT GRADE BOND FUND

The Fund is not considered to be a mutual fund under the securities legislation of the provinces and territories of Canada. Consequently, the Fund is not subject to the various policies and regulations that apply to mutual funds under such legislation. However, the Fund is subject to certain other requirements and restrictions contained in these securities legislation, including National Instrument 81-106 – Investment Fund Continuous Disclosure of the Canadian Securities Administrators, which governs the continuous disclosure obligations of investment funds, including the Fund.

1.3 ISSUE OF UNITS

On February 18, 2010, the Fund completed an initial public offering pursuant to the Prospectus dated January 28, 2010. \$30,000,000 was raised through the issue of 1,200,000 Class A Units and \$1,767,500 was raised through the issue of 70,700 Class F Units.

On March 11, 2010, the Agents exercised an over-allotment option in respect of 73,820 Class A Units, raising a further \$1,845,500.

Agents’ fees and other expenses totaled \$2,294,936. The Manager reimbursed the Fund with the amount of \$73,815 to account for issue expenses above the 1.5% limit of gross proceeds of the offering as per the Fund’s Prospectus terms and conditions.

2 DESCRIPTION OF THE PORTFOLIO

2.1 THE FUND

2.1.1 Investment Objectives

The Fund’s investment objectives are to:

- (i) provide holders of Units (the “Unitholders”) with monthly tax-advantaged cash distributions; and
- (ii) maximize total return for Unitholders, while seeking to reduce risk.

Distributions are initially targeted to be \$0.1198 per month per Unit consisting primarily of returns of capital, representing a yield on the issue price of 5.75% per annum.

2.1.2 Investment Strategy

In order to achieve the Fund’s investment objectives, the Fund obtained exposure, in a tax-efficient manner, to the performance of a portfolio (the “Portfolio”) held by BAB Trust (the “BAB Trust” or the “Trust”). Nuveen Asset Management (the “Sub-Advisor”), the Trust’s Sub-Advisor, actively manages the Portfolio. The Portfolio includes a minimum of 80% Build America Bonds (measured at the time of purchase), with the remainder of the Portfolio, if any, to be comprised of other permissible securities. The Fund may also use derivatives for hedging purposes only.

Build America Bonds are bonds issued by U.S. state and local governments to finance capital projects that meet essential needs such as public schools, roads, water and transportation infrastructure, bridges, ports and public buildings, among others, pursuant to the American Recovery and Reinvestment Act of 2009 or other related, similar or successor legislation. Many Build America Bonds are general obligation bonds, which are backed by the full faith and taxing power of the governments issuing them. Most issuers of Build America Bonds receive a subsidy from the U.S. federal government equal to 35% of the interest paid to investors, which allows such

issuers to issue bonds that pay interest rates that are competitive with the rates typically paid by private bond issuers. This form of government bond, with the credit going to the issuer, makes the bonds attractive to entities that pay no U.S. income tax, such as pension plans and non-U.S. investors, as well as to investors seeking potential high rates of interest income.

The Fund does not invest directly in BAB Trust, the Fund used the net proceeds of the initial public offering of its Class A and Class F Units to pre-pay its purchase obligations under a forward purchase and sale agreement (the “Forward Agreement”) with the Bank of Montreal (the “Counterparty” or “BMO”). Under the Forward Agreement, the Fund will receive, on or before February 27, 2015, a specified portfolio consisting of securities of Canadian public issuers that are “Canadian securities” for the purposes of the Tax Act (“Canadian Securities”) in an amount equal to the value of BAB Trust. Partial settlements under the Forward Agreement are intended to ensure that Unitholders have economic exposure to the distributions effected by BAB Trust. A fee of 0.35% per annum, calculated with reference to the NAV of BAB Trust, is payable to BMO under the Forward Agreement.

2.1.3 Investment Management Approach

The Portfolio is actively managed by the Sub-Advisor with respect to the selection, composition, purchase and sale of Build America Bonds and other Permissible Securities. The Sub-Advisor uses a value-oriented strategy and looks for higher-yielding and undervalued long-term securities that offer potentially above-average total return. The Sub-Advisor may choose to sell securities with deteriorating credit or limited upside potential compared to other available bonds. The Sub-Advisor believes that a value-oriented investment strategy that seeks to identify underrated and undervalued securities and sectors is positioned to capture the opportunities inherent in the Build America Bond market and potentially outperform the general municipal securities market over time.

The Sub-Advisor’s approach includes attention to the following factors:

Managing Multi-Faceted Risks. Risk in the Build America Bond market is derived from multiple sources, including credit risk at the issuer and sector levels, structural risks such as call risk, yield curve risk, and other risks. The Sub-Advisor believes that managing these risks at both the individual security and portfolio levels is an important element of realizing the income and total return potential of the asset class.

Opportunities to Identify Underrated and Undervalued Build America Bonds. Within the state and national Build America Bond markets, there are issuers with a wide array of financing purposes, security terms, offering structures and credit quality. The Sub-Advisor believes that the size, depth and other characteristics of the state and national Build America Bond markets offer a broad opportunity set of individual issuers in securities that may be underrated and undervalued relative to the general market.

Market Inefficiencies. The Sub-Advisor believes that the scale and intricacy of the Build America Bond market often results in pricing anomalies and other inefficiencies that can be identified and capitalized on through trading strategies.

2.1.4 Foreign Exchange Rate Fluctuations

As the Portfolio is invested in securities traded in U.S. dollars, the Net Asset Value of the Fund and the market price of the Units, when measured in Canadian dollars, is, to the extent this has not been hedged against, affected by changes in the value of the U.S. dollar relative to the Canadian dollar. The Fund may not be fully hedged at all times. Accordingly, no assurance can be given that the Fund will not be adversely impacted by changes in foreign exchange rates or other factors. The use of hedges, if used, involves special risks, including the possible default by the other party to the transaction, illiquidity and, to the extent the Manager’s and the Sub-Advisor’s assessment of certain market movements is incorrect, the risk that the use of hedges could reduce total returns or result in losses greater than if the hedging had not been used. In addition, the costs associated with a hedging program may outweigh the benefits of the arrangements in such circumstances.

2.1.5 Leverage

The Fund’s exposure to the securities in the Portfolio through the Forward Agreement may be increased to 25% of the levered notional amount (being the aggregate value of the assets of BAB Trust) (tested daily) for the purposes of adding leverage to the Portfolio and such other short-term funding purposes as may be determined by the Portfolio Manager from time to time and in accordance with the Investment Strategy. The use of leverage has the potential to enhance or reduce returns. As at September 30, 2014, the leverage factor was 24.75% (25.07% as at September 30, 2013).

2.1.6 Securities Lending

In order to generate additional returns, BAB Trust may lend securities included in the Portfolio to securities borrowers acceptable to

BAB Trust pursuant to the terms of a securities lending agreement between BAB Trust and such borrower. Under a securities lending agreement: (i) the borrower will pay to BAB Trust a negotiated securities lending fee and will make compensation payments to BAB Trust equal to any distributions received by the borrower on the securities borrowed; (ii) the securities loans must qualify as “securities lending arrangements” for the purposes of the Tax Act; and (iii) BAB Trust will receive collateral security. BAB Trust is not limited in the amount of securities lending transactions it may engage in.

2.1.7 Use of Derivatives

BAB Trust may invest in and use derivative instruments for hedging purposes to the extent considered appropriate by the Manager taking into account factors including transaction costs. There can be no assurance that BAB Trust’s hedging strategies will be effective. BAB Trust is subject to the credit risk that its counterparty (whether a clearing corporation in the case of exchange traded instruments or another third party in the case of over-the-counter instruments) may be unable to meet its obligations. In addition, there is a risk of loss by BAB Trust of margin deposits in the event of the bankruptcy of the dealer with whom BAB Trust has an open position in an option or futures or forward contract. Derivative instruments traded in foreign markets may offer less liquidity and greater credit risk than comparable instruments traded in North American markets. The ability of BAB Trust to close out its positions may also be affected by exchange imposed daily trading limits on options and futures contracts. If BAB Trust is unable to close out a position, it will be unable to realize its profit or limit its losses until such time as the option becomes exercisable or expires or the futures or forward contract terminates, as the case may be. The inability to close out options, futures and forward positions could also have an adverse impact on BAB Trust’s ability to use derivative instruments to effectively hedge the Portfolio.

2.1.8 Investment Restrictions of the Fund

The Fund is subject to the investment restrictions set out below and is also indirectly subject to the investment restrictions of BAB Trust as a result of the Forward Agreement. The investment restrictions of the Fund, which are set forth in the Fund Trust Agreement, provide that the Fund will not:

- a) with respect to the securities acquired pursuant to the Forward Agreement, purchase any securities other than “Canadian securities” for the purposes of the Tax Act;
- b) purchase the securities of an issuer for the purposes of exercising control over management of that issuer or if, as a result of such purchase, the Fund would be required to make a take-over bid that is a “formal bid” for the purposes of applicable securities laws;
- c) employ financial leverage, except in connection with the Forward Agreement, and such leverage will not exceed 25% of the Total Assets (tested daily);
- d) make or hold any investment that would result in the Fund failing to qualify as a “mutual fund trust” for purposes of the Tax Act and will not acquire any property that would be “taxable Canadian property” of the Fund as such term is defined in the Tax Act (if the definition were read without reference to paragraph (b) thereof); or
- e) make or hold any investment that would result in the Fund being subject to the tax on SIFT Trusts as provided for in section 122 of the Tax Act.

The Fund is not considered to be a mutual fund under the securities legislation of the provinces and territories of Canada. Consequently, the Fund is not subject to the various policies and regulations that apply to conventional mutual funds under such legislation. However, the Fund is subject to certain other requirements and restrictions contained in securities legislation, including National Instrument 81-106 — Investment Fund Continuous Disclosure of the Canadian Securities Administrators, which governs the continuous disclosure obligations of investment funds, including the Fund.

2.2 OVERVIEW OF THE INVESTMENT STRUCTURE

2.2.1 BAB Trust

BAB Trust is established for the purpose of acquiring and holding the Portfolio. The initial beneficial owner of all of the units of BAB Trust was the Counterparty or an affiliate. On the Closing Date, the Counterparty or one of its affiliates subscribed for units of BAB Trust. BAB Trust used any subscription proceeds to acquire the Portfolio. In order to generate additional returns, BAB Trust may lend its securities to brokers, dealers and other financial institutions.

Units of BAB Trust are redeemable at the demand of its unitholders. On redemption, a BAB Trust unitholder will receive for each unit of BAB Trust redeemed an amount equal to the Net Asset Value per unit of BAB Trust. The Net Asset Value per unit of BAB Trust will be equal to the amount by which the Total Assets of BAB Trust exceed its total liabilities on a per unit basis and accordingly, will be based upon the value of the Portfolio.

BAB Trust generally receives interest income or distributions from Build America Bonds and other Permissible Securities included in the Portfolio. The net income of BAB Trust consists primarily of interest income or distributions, less expenses of BAB Trust. BAB Trust distributes all of its net income and net realized capital gains earned in each fiscal year to ensure that it is not liable for tax under Part I of the Tax Act. To the extent that BAB Trust has not distributed in cash the full amount of its net income in any year, the difference between such amount and the amount actually distributed by BAB Trust may be paid through the issuance of additional units having a Net Asset Value in the aggregate at the date of distribution equal to this difference. Immediately after any such distribution of units, the number of outstanding units of BAB Trust may be consolidated such that each unitholder of BAB Trust (including the Counterparty or an affiliate, as if it is a unitholder) will hold after the consolidation the same number of units of BAB Trust as it held before the distribution of additional units.

2.2.2 The Forward Agreement

The Fund does not invest directly in BAB Trust; the Fund used the net proceeds of the initial public offering of its Class A and Class F Units to pre-pay its purchase obligations under the Forward Agreement with the Counterparty. Under the Forward Agreement, the Fund will receive, on or before February 27, 2015 (the “Scheduled Forward Termination Date”), a specified portfolio consisting of securities of Canadian public issuers that are “Canadian securities” for the purposes of the Tax Act (“Canadian Securities”) in an amount equal to the value of the BAB Trust. Partial settlements under the Forward Agreement are intended to ensure that Unitholders have economic exposure to the distributions affected by BAB Trust. A fee of 0.35% per annum, calculated with reference to the NAV of BAB Trust, is payable to BMO under the Forward Agreement.

Pursuant to the Forward Agreement, the Counterparty has agreed to deliver to the Fund on February 27, 2015, the Canadian Securities Portfolio with an aggregate value equal to (i) the redemption proceeds of all of the units of BAB Trust, or (ii) the value of the Notional Portfolio, as applicable, net of any leverage provided through the Forward Agreement and any amount owing by the Fund to the Counterparty. Upon completion of the Offerings, BAB Trust issued units to the Counterparty with an aggregate value equal to the net proceeds of the Offerings, the proceeds from which BAB Trust used to acquire the Portfolio. The initial value of the Portfolio was equal to the net proceeds of the Offerings. In such case, the return to the Fund, by virtue of the Forward Agreement, is based on the return of BAB Trust, which, in turn, is based on the performance of the Portfolio. If BAB Trust units were not acquired by the Counterparty or an affiliate, the return to the Fund, by virtue of the Forward Agreement, would be based on the performance of the Notional Portfolio. The Fund is fully exposed to the credit risk associated with the Counterparty in respect of the Forward Agreement.

The Fund may settle the Forward Agreement in whole or in part prior to the Forward Termination Date (the earlier of (i) the Scheduled Forward Termination Date and (ii) any other day upon which the Forward Agreement is terminated in accordance with its terms): (i) to fund distributions on the Units; (ii) to fund redemptions and repurchases of Units from time to time; (iii) to fund operating expenses and other liabilities of the Fund; and (iv) for any other reason. The Forward Agreement will also allow the Fund to leverage its exposure to BAB Trust by up to 25% of levered notional amount or total assets.

The Forward Agreement may be terminated prior to the Scheduled Forward Termination Date in certain circumstances, including if an event of default or a termination event occurs with respect to the Fund or the Counterparty under the Forward Agreement.

2.2.3 Investment Restrictions of BAB Trust

BAB Trust is subject to certain investment restrictions which are set out in the BAB Trust Trust Agreement. The investment restrictions of BAB Trust provide that BAB Trust will not:

- a) invest:
 - (i) less than 80% of the Total Assets of BAB Trust in Investment Grade Build America Bonds; nor
 - (ii) more than 20% of the Total Assets of BAB Trust in other Permissible Securities, except within 90 days of the Closing Date and within 90 days of the Fund’s termination;
- b) purchase the common or preferred shares of any “substantial securityholder” of BAB Trust (as defined in the Securities Act

- (Ontario)) or the direct or indirect parent of any substantial securityholder of BAB Trust;
- c) make or hold any investments in entities that would be “foreign affiliates” of BAB Trust for purposes of the Tax Act;
 - d) make or hold any securities in any non-resident trusts other than “exempt foreign trusts” as defined in subsection 94(1) of the Tax Act as set forth in former Bill C-10, which was before the second session of the 39th Parliament (or pursuant to any amendments to such proposals, subsequent provisions enacted into law, or successor provisions thereto);
 - e) at any time, hold any property that is a “non-portfolio property” for the purposes of the SIFT Rules;
 - f) make or hold any investments that could require BAB Trust to include any material amount in its income pursuant to proposed sections 94.1 or 94.3 of the Tax Act or require BAB Trust to mark the investment to market in accordance with proposed section 94.2 of the Tax Act, all as set forth in Bill C-10, which was before the second session of the 39th Parliament, (or pursuant to any amendments to such proposals, subsequent provisions as enacted into law, or successor provisions thereto); or
 - g) pledge any of its assets or employ leverage, except in connection with interest rate hedging, securities lending or use of derivatives as described under “Investment Strategy”;
 - h) purchase the securities of an issuer (other than an issuer incorporated or otherwise created under the laws of the United States of America or a state, commonwealth or possession thereof or listed on a U.S. securities exchange) representing 10% or more of (x) the voting or equity securities of any class of that issuer or securities convertible into voting or equity securities of any class of that issuer, (y) the votes attached to the outstanding voting securities of that issuer, or (z) the outstanding equity securities;
 - i) purchase the securities of an issuer incorporated or otherwise created under the laws of the United States of America or a state, commonwealth or possession thereof or listed on a U.S. securities exchange representing more than 5% of (x) the voting or equity securities of any class of that issuer or securities convertible into voting or equity securities of any class of that issuer, (y) the votes attached to the outstanding voting securities of that issuer, or (y) the outstanding equity securities of that issuer; or
 - j) purchase the securities of an issuer for the purposes of exercising control of direction, whether alone or in concert, over management of that issuer.

3 UNITHOLDERS’ EQUITY

3.1 DESCRIPTION OF UNITHOLDERS’ EQUITY

3.1.1 The Units

The beneficial interest in the net assets and net income of the Fund is divided into two classes of units, Class A Units and Class F Units. The Fund is authorized to issue an unlimited number of Units of each class. The Class F Units are designed for fee-based accounts and differ from the Class A Units in the following ways: (i) the Class F Units are not listed on a stock exchange; (ii) the Agents’ fee payable on the issuance of the Class F Units is lower than the Class A Units; and (iii) the Service Fee is only payable in respect of the Class A Units only, as described under “Fees and Expenses”. Accordingly, the Net Asset Value per Unit of each class will not be the same as a result of the different fees allocable to each class of Units. Each Unit entitles the holder to the same rights and obligations as a Unitholder and no Unitholder is entitled to any privilege, priority or preference in relation to any other holder of Units. Each Unitholder is entitled to one vote for each Unit held and is entitled to participate equally with respect to any and all distributions made by the Fund, including distributions of net realized capital gains, if any. On the redemption of Units, however, the Fund may in its sole discretion, designate payable to redeeming Unitholders, as part of the redemption price, any capital gains realized by the Fund in the taxation year in which the redemption occurred. On termination or liquidation of the Fund, the Unitholders of record are entitled to receive on a pro rata basis with holders of Units of that class all of the assets of the Fund attributable to that class remaining after payment of all debts, liabilities and liquidation expenses of the Fund. Unitholders have no voting rights in respect of securities held by the Fund. BAB Trust has delegated to the Portfolio Manager the responsibility for voting on matters for which BAB Trust receives, in its capacity as a securityholder, proxy materials for a meeting of securityholders of an issuer included in the Portfolio.

On December 16, 2004, the Trust Beneficiaries’ Liability Act, 2004 (Ontario) came into force. This statute provides that holders of

units of a trust are not, as beneficiaries, liable for any act, default, obligation or liability of the trust if, when the act or default occurs or the liability arises, (i) the trust is a reporting issuer under the Securities Act (Ontario) and (ii) the trust is governed by the laws of Ontario. The Fund is a reporting issuer under the Securities Act (Ontario) and it is governed by the laws of Ontario by virtue of the provisions of the Trust Agreement.

3.1.2 Conversion of Class F Units

A holder of Class F Units may convert Class F Units into Class A Units and it is expected that liquidity for the Class F Units will be primarily obtained by means of conversion into Class A Units and the sale of those Class A Units. The Class F Units may be converted in any week on the Conversion Date by delivering a notice and surrendering such Class F Units by 5:00 p.m. (Toronto time) at least 5 Business Days (any day, except Saturday, Sunday, a statutory holiday in Toronto, Ontario or any other day the Toronto Stock Exchange (the "TSX") is not open for trading) prior to the Conversion Date. For each Class F Unit so converted, a holder will receive that number of Class A Units equal to the Net Asset Value per Class F Unit as of the close of trading on the Business Day immediately preceding the Conversion Date divided by the Net Asset Value per Class A Unit as of the close of trading on the Business Day immediately preceding the Conversion Date. No fractions of Class A Units will be issued upon any conversion of Class F Units and any fractional amounts will be rounded down to the nearest whole number of Class A Units. A conversion will not be treated as a disposition of Class F Units for the purposes of the Tax Act.

There were also 400 Class F Units converted into 430 Class A Units for a total value of \$10,226 during the year ended September 30, 2014 (800 Class F Units were converted into 849 Class A Units for the amount of \$21,106 during the year ended September 30, 2013).

3.1.3 Purchase for Cancellation

The Fund Trust Agreement provides that the Fund may, in its sole discretion, from time to time, purchase (in the open market or by invitation for tenders) Class A Units for cancellation subject to applicable law and stock exchange requirements, based on the Manager's assessment that such purchases are accretive to Unitholders, in all cases at a price per Class A Unit not exceeding the most recently calculated Net Asset Value per Class A Unit immediately prior to the date of any such purchase of Units. It is expected that these purchases will be made as normal course issuer bids through the facilities and under the rules of the TSX or such other exchange or market on which the Class A Units are then listed.

The Fund did not purchase any Class A Units for cancellation during the years ended September 30, 2014 and 2013.

3.1.4 Take-over Bids

The Fund Trust Agreement contains provisions to the effect that if a take-over bid is made for the Class A Units and not less than 90% of the aggregate of the Class A Units (but not including any Class A Units held at the date of the take-over bid by or on behalf of the offeror or associates or affiliates of the offeror) are taken up and paid for by the offeror, the offeror will be entitled to acquire the Class A Units held by the Unitholders who did not accept the take-over bid on the terms offered by the offeror.

The Fund Trust Agreement also provides that if prior to the termination of the Fund a formal bid as defined in the Securities Act (Ontario) is made for all of the Class F Units, if such bid would constitute a formal bid for all Class A Units if the Class F Units had been converted to Class A Units immediately prior to such bid and the Class F offer does not include a concurrent identical take-over bid, including in terms of price (relative to the Net Asset Value per Unit of the class), for the Class A Units, then the Fund shall by press release provide written notice to the holders of the Class A Units that such an offer has been made and of the right of such holders to convert all or a part of their Class A Units into Class F Units and tender such units to the Class F offer.

3.1.5 Book Entry Only System

Registration of interests in and transfers of the Units will be made only through the Book-Entry Only System. On the Closing Date, the Manager, on behalf of the Fund will deliver to CDS certificates representing the aggregate number of Class A Units and Class F Units then subscribed for under the Offerings. The Class A Units and Class F Units must be purchased, converted, transferred and surrendered for redemption through a CDS Participant. All rights of Unitholders must be exercised through, and all payments or other property to which such Unitholders are entitled will be made or delivered by CDS or the CDS Participant through which the Unitholder holds such Units. Upon purchase of any Units, the Unitholders will receive only a customer confirmation from the registered dealer which is a CDS Participant and from or through which the Units are purchased.

The ability of a beneficial owner of Units to pledge such Units or otherwise take action with respect to such Unitholder's interest in

such Units (other than through a CDS Participant) may be limited due to the lack of a physical certificate.

The Fund has the option to terminate registration of the Units through the Book-Entry Only System, in which case certificates for the Units in fully registered form would be issued to beneficial owners of such Units or their nominees.

3.2 UNITHOLDER MATTERS

3.2.1 Meetings of Unitholders

A meeting of Unitholders may be convened by the Trustee by a written requisition specifying the purpose of the meeting, and must be convened by the Trustee if requisitioned by Unitholders holding not less than 10% of the then outstanding Units entitled to vote on the matter (whether Class A Units and/or Class F Units) by a written requisition specifying the purpose of the meeting. The Trustee or the Manager may convene a Class A Meeting or Class F Meeting if the nature of the business to be transacted at that meeting is only relevant to Unitholders of the applicable class.

Notice of all meetings of Unitholders (whether a meeting of all Unitholders, a Class A Meeting or a Class F Meeting) will be given in accordance with the Fund Trust Agreement and applicable law. The quorum for a meeting of all Unitholders is two or more Unitholders present in person or represented by proxy holding not less than five percent of the Units then outstanding (whether Class A Units or Class F Units). The quorum for a Class A Meeting is two or more holders of Class A Units present in person or represented by proxy holding not less than five percent of the Class A Units then outstanding. The quorum for a Class F Meeting is two or more holders of Class F Units present in person or represented by proxy holding not less than five percent of the Class F Units then outstanding. In the event that such quorum is not present within one-half hour after the time called for a meeting, the meeting, if convened upon the request of a Unitholder, will be dissolved, but in any other case, the meeting will stand adjourned to such day no later than 14 days later and to such time and place as may be appointed by the chairman of the meeting (which for greater certainty can be at a later time on the date of the originally scheduled meeting), and if at such adjourned meeting a quorum is not present, the Unitholders present in person or by proxy at such adjourned meeting will be deemed to constitute a quorum.

A matter requiring an Extraordinary Resolution requires an affirmative vote of at least two-thirds of the votes cast, either in person or by proxy, at a meeting of Unitholders called for the purpose of considering such resolution.

The Fund, subject to obtaining any necessary regulatory approvals, does not intend to hold annual meetings of Unitholders. However, the Fund will undertake to the TSX to hold annual meetings of Unitholders if so instructed by the TSX.

3.2.2 Amendment of Fund Trust Agreement

Except as provided below, the Fund Trust Agreement may be amended by an Ordinary Resolution approved at a meeting of Unitholders duly convened and held in accordance with the provisions in that regard contained in the Fund Trust Agreement, or by the written consent in lieu of a meeting if there is only one Unitholder.

The following matters may only be undertaken with the approval of Unitholders by an Extraordinary Resolution (a separate class vote is also required if one class of Units would be affected differently than the other):

- a) the removal of the Trustee or any of its affiliates as the trustee of the Fund;
- b) any change in the investment objectives or investment restrictions of the Fund, unless such changes are necessary to ensure compliance with applicable laws, regulations or other requirements imposed by applicable regulatory authorities from time to time;
- c) any change of the Manager except where the new manager is an affiliate of the Manager;
- d) any increase in the Management Fee;
- e) any amendment, modification or variation in the provisions or rights attaching to the Units;
- f) any change in the frequency of calculating the Net Asset Value per Unit to less often than weekly;
- g) any merger, arrangement or similar transaction or the sale of all or substantially all of the assets of the Fund other than in the ordinary course;

- h) any liquidation, dissolution or termination of the Fund except if it is determined by the Manager, in its sole discretion, to be in the best interest of the Unitholders or otherwise in accordance with the terms of the Fund Trust Agreement; and
- i) any amendment to the above provisions except as permitted by the Fund Trust Agreement.

Notwithstanding the foregoing, the Trustee is entitled to amend the Fund Trust Agreement without the consent of, or notice to, the Unitholders, to:

- a) remove any conflicts or other inconsistencies which may exist between any terms of the Fund Trust Agreement and any provisions of any law, regulation or requirements of any governmental authority applicable to or affecting the Fund;
- b) make any change or correction in the Fund Trust Agreement which is of a typographical nature or is required to cure or correct any ambiguity or defective or inconsistent provision, clerical omission, mistake or manifest error contained therein;
- c) bring the Fund Trust Agreement into conformity with applicable laws, rules and policies of Canadian securities regulators or with current practice within the securities or investment fund industries, provided such amendments do not in the opinion of the Manager adversely affect the pecuniary value of the interest of the Unitholders or restrict any protection for the Trustee or the Manager or increase their respective responsibilities;
- d) maintain the status of the Fund as a “mutual fund trust” for the purposes of the Tax Act or to respond to amendments to such Act or to the interpretation or administration thereof;
- e) provide added protection or benefit to Unitholders; or
- f) make such modifications as may be necessary or desirable in connection with the termination of the Forward Agreement prior to the Forward Termination Date as a result of the termination of the Fund as described under “Termination of the Fund”.

3.2.3 Reporting to Unitholders

The Fund makes available to Unitholders such financial statements and other continuous disclosure documents as are required by applicable law, including (a) unaudited interim and audited annual financial statements, prepared in accordance with Canadian generally accepted accounting principles and (b) interim and annual management reports of fund performance. The Fund mails the financial statements prepared for BAB Trust to all of the Unitholders who receive the Fund’s financial statements. The Fund also makes available to each Unitholder annually and within the time prescribed by law, information necessary to enable such Unitholder to complete an income tax return with respect to the amounts payable by the Fund.

3.3 TERMINATION OF THE FUND

The Fund has a term of approximately five years, terminating on or about February 27, 2015, unless terminated earlier in accordance with the Fund Trust Agreement. Pursuant to the Fund Trust Agreement, the Fund will terminate on the date specified in an Extraordinary Resolution of Unitholders calling for the termination of the Fund or when terminated by the Manager, as described below. In addition to such termination, the Fund Trust Agreement also provides that:

- a) in the event that the Manager resigns and no new Manager is appointed by the Unitholders within 120 days of the Manager giving notice to the Trustee of such resignation, the Fund will automatically terminate on the date which is 60 days following the end of such 120 day period;
- b) the Manager may, in its discretion, terminate the Fund without the approval of Unitholders if, in its opinion, it would be in the best interests of the Unitholders; and
- c) the Manager may terminate the Fund in the event of a termination of the Forward Agreement prior to the Scheduled Termination Date, provided that the Manager has given Unitholders notice of such termination at least 60 days in advance of such date of termination of the Fund.

The Fund Trust Agreement provides that prior to the termination of the Fund, the Manager will use commercially reasonable efforts to dispose of all of its assets and will satisfy or make appropriate provision for all liabilities of the Fund. The Fund Trust Agreement provides that the Manager may, in its discretion and upon not less than 30 days prior written notice to the Unitholders, postpone any termination date by a period of up to 180 days if the Manager determines that it will be unable to convert all of its assets to cash prior

to any termination date and the Manager determines that it would be in the best interests of the Unitholders to do so.

Upon termination, the Trust Agreement provides that the Fund will distribute to Unitholders their pro rata portions of the remaining assets of the Fund attributable to each class, which will include cash and, to the extent liquidation of certain assets is not practicable or the Manager considers such liquidation not to be appropriate prior to any termination date, such unliquidated assets in specie rather than in cash. Following such distribution, the Fund will be dissolved. There can be no assurance that Unitholders will receive \$25.00 per Unit upon any termination of the Fund.

3.4 DISTRIBUTIONS

3.4.1 Distribution Policy

The Fund pays monthly distributions initially at \$0.1198 per Unit. The Fund paid an initial distribution of \$0.1669 for Unitholders with record date March 31, 2010 covering the period from February 18, 2010 (commencement of operations) to March 31, 2010. The Fund has made all its scheduled distributions during the year ended September 30, 2014, paying \$1.44 per Class A Unit and \$1.44 per Class F Unit (\$1.44 per Class A Unit and \$1.44 per Class F Unit during the year ended September 30, 2013).

The Fund is subject to tax under Part I of the Tax Act on the amount of its income for tax purposes for the year, including net realized taxable capital gains, less the portion thereof that it claims in respect of the amounts paid or payable to Unitholders in the year. To ensure that the Fund generally is not liable for income tax under Part I of the Tax Act, the Trust Agreement provides that, if necessary, an Additional Distribution will be automatically payable in each year to Unitholders of each class of Units of record on December 31, pro rata based on the Net Asset Value of each class. The Additional Distribution may be necessary if the Fund realizes income for tax purposes which is in excess of the quarterly distributions paid or made payable to Unitholders during the year. If the Fund must pay an Additional Distribution, such Additional Distribution may, at the option of the Manager, be satisfied by the issuance of Units. Following such issue of additional Units, the outstanding Units may be automatically consolidated on a basis such that each Unitholder of a class of the Fund will hold after the consolidation the same number of Units of the applicable class of the Fund as it held before the distribution of additional Units, except in the case of a Non-Resident Unitholder if tax was required to be withheld in respect of the distribution. See "Canadian Federal Income Tax Considerations".

3.5 REDEMPTION OF UNITS

3.5.1 Annual Redemptions

The Class A Units and Class F Units may be redeemed on an Annual Redemption Date which is the second last Business Day of July of each year, subject to certain conditions and, in order to effect such a redemption, the Units must be surrendered by no later than 5:00 p.m. (Toronto time) on the last Business Day of June in the year of redemption. Unitholders whose Units are redeemed on an Annual Redemption Date will receive a redemption price in an amount equal to 100% of the Net Asset Value per Unit of the relevant class less any costs associated with the redemption, including brokerage costs, and less any net realized capital gains to the Fund that are distributed to a Unitholder concurrently with the proceeds of disposition on redemption. By virtue of the Forward Agreement, the Annual Redemption Price will be dependent upon the performance of BAB Trust (or the Notional Portfolio). Payment of the Annual Redemption Price will be made on or before the Redemption Payment Date, which is the 10th Business Day of the month immediately following an Annual Redemption Date or Monthly Redemption Date, subject to the Manager's right to suspend redemptions in certain circumstances. Concurrently with the payment of the proceeds of redemption, the Fund may pay to the redeeming Unitholder a cash distribution in the amount of the net realized capital gains of the Fund incurred by it to fund the payment of the redemption price.

During the year ended September 30, 2014, there were 95,385 Class A Units redeemed for net payment of \$2,292,922 and 2,400 Class F Units redeemed for net payment of \$59,282 (\$3,260,985 was paid to redeem 142,050 Class A Units during the year ended September 30, 2013).

3.5.2 Monthly Redemptions

In addition to the annual redemption right, the Class A Units and Class F Units may also be redeemed on a Monthly Redemption Date, which is the second last business day of each month other than the month of July, subject to certain conditions and, in order to effect such a redemption, the Units must be surrendered by no later than 5:00 p.m. (Toronto time) on the date which is the last Business Day of the month preceding the Monthly Redemption Date. Payment of the redemption price will be made on or before the Redemption Payment Date, subject to the Manager's right to suspend redemptions in certain circumstances. Concurrently with the

payment of the proceeds of redemption, the Fund may pay to the redeeming Unitholder a cash distribution in the amount of the net realized capital gains of the Fund incurred by it to fund the payment of the redemption price.

Unitholders surrendering a Class A Unit for redemption will receive a redemption price equal to the lesser of (i) 95% of the Market Price of a Class A Unit (the weighted average trading price on the TSX for the 10 trading days immediately preceding the Monthly Redemption Date), and (ii) 100% of the Closing Market Price of a Class A Unit (the closing price on the TSX on such Monthly Redemption Date, or, if there was no trade on the relevant Monthly Redemption Date, the average of the last bid and the last asking prices of the security on the TSX on such Monthly Redemption Date) on the applicable Monthly Redemption Date less, in each case, any costs associated with the redemption, including brokerage costs, being the Monthly Redemption Amount. Unitholders surrendering a Class F Unit for redemption will receive an amount equal to the product of (i) the Monthly Redemption Amount and (ii) a fraction, the numerator of which is the most recently calculated Net Asset Value per Class F Unit and the denominator of which is the most recently calculated Net Asset Value per Class A Unit.

3.5.3 Pre-Settling the Forward Agreement

The Fund may settle the Forward Agreement in whole or in part prior to the Scheduled Forward Termination Date in order to fund redemptions. The value of the Forward Agreement on an Annual Redemption Date or a Monthly Redemption Date, and accordingly, the Net Asset Value per Unit on an Annual Redemption Date or Monthly Redemption Date, as applicable, and the redemption price will be dependent upon the performance of BAB Trust and the Net Asset Value of the BAB Trust units (or the Notional Portfolio).

3.5.4 Exercise of Redemption Right

A Unitholder who desires to exercise redemption privileges must do so by causing the CDS Participant through which he or she holds his or her Units to deliver to CDS at its office in the City of Toronto on behalf of the Unitholder, a written notice of the Unitholder's intention to redeem Units by no later than 5:00 p.m. (Toronto time) on the applicable notice dates described above. A Unitholder who desires to redeem Units should ensure that the CDS Participant is provided with notice of his or her intention to exercise his or her redemption right sufficiently in advance of the Annual Redemption Date or Monthly Redemption Date deadline so as to permit the CDS Participant to deliver a notice to CDS by 5:00 p.m. (Toronto time) on the notice dates described above.

By causing a CDS Participant to deliver to CDS a notice of the Unitholder's intention to redeem Units the Unitholder will be deemed to have irrevocably surrendered his or her Units for redemption and appointed such CDS Participant to act as his or her exclusive settlement agent with respect to the exercise of such redemption privilege and the receipt of payment in connection with the settlement of obligations arising from such exercise, provided that the Manager may from time to time prior to the Annual Redemption Date or Monthly Redemption Date permit the withdrawal of a redemption notice on such terms and conditions as the Manager may determine, in its sole discretion, if such withdrawal will not adversely affect the Fund. Any expense associated with the preparation and delivery of the redemption notice will be for the account of the Unitholder exercising the redemption privilege.

Any redemption notice that CDS determines to be incomplete, not in proper form or not duly executed will, for all purposes, be void and of no effect and the redemption privilege to which it relates will be considered, for all purposes, not to have been exercised thereby. A failure by a CDS Participant to exercise redemption privileges or to give effect to the settlement thereof in accordance with a Unitholder's instructions will not give rise to any obligations or liability on the part of the Fund, the Trustee or the Manager to the CDS Participant or the Unitholder.

3.5.5 Suspension of Redemptions

The Fund may suspend the redemption of Units or payment of redemption proceeds (a) for the whole or any part of a period during which normal trading is suspended on one or more exchanges on which more than 50% of the securities included in the Canadian Securities Portfolio (by value) or the Portfolio are listed and traded, and if the securities are not traded on any other exchange that represents a reasonable, practical alternative for the Fund or (b) for any period not exceeding 120 days during which the Manager determines that conditions exist which render impractical the sale of assets of the Fund or BAB Trust or which impair the ability of the Manager to determine the value of the assets of the Fund or BAB Trust. The suspension may apply to all requests for redemption received prior to the suspension, but for which payment has not been made, as well as to all requests received while the suspension is in effect. In such circumstances all Unitholders will have, and will be advised that they have, the right to withdraw their requests for redemption. The suspension will terminate in any event on the first Business Day on which the condition giving rise to the suspension has ceased to exist, provided that no other condition under which a suspension is authorized then exists. To the extent not inconsistent with official rules and regulations promulgated by any government body having jurisdiction over the Fund, any declaration of suspension made by the Manager will be conclusive.

4 VALUATION

4.1 CALCULATION OF NET ASSET VALUE

For reporting purposes other than financial statements, the Net Asset Value of the Fund on a particular date will be equal to (i) the Total Assets of the Fund less (ii) the aggregate value of the liabilities of the Fund. The Net Asset Value of each class of Units on a particular date will be equal to the Net Asset Value of the Fund allocated to that class, including an allocation of any net realized capital gains or other amounts payable to Unitholders of that class on or before such date expressed in Canadian dollars at the applicable exchange rate on such date. The Net Asset Value per Unit of a class on any day will be obtained by dividing the Net Asset Value of that class on such day by the number of Units of that class then outstanding.

For the purpose of calculating Net Asset Value of the Fund or BAB Trust on a Valuation Date, the Total Assets of the Fund or BAB Trust on such Valuation Date will be determined as follows:

- a) the value of any cash on hand or on deposit, bill, demand note, account receivable, prepaid expense, distribution, or other amount receivable (or declared to holders of record of securities owned on a date before the Valuation Date as of which the Total Assets are being determined, and to be receivable) and interest accrued and not yet received will be deemed to be the full amount thereof provided that if the Manager has determined that any such deposit, bill, demand note, account receivable, prepaid expense, distribution, or other amount receivable (or declared to holders of record of securities owned on a date before the Valuation Date as of which the Total Assets are being determined, and to be receivable) or interest accrued and not yet received is not otherwise worth the full amount thereof, the value thereof will be deemed to be such value as the Manager determines to be the fair market value thereof;
- b) the value of any bonds, debentures, other debt obligations and short positions will be valued by taking the average of the bid and ask prices quoted by a major dealer or recognized information provider in such securities on a Valuation Date at such times as the Manager, in its discretion, deems appropriate. Short-term investments including notes and money market instruments will be valued at cost plus accrued interest;
- c) the value of any security which is listed or traded upon a stock exchange (or if more than one, on the principal stock exchange for the security, as determined by the Manager) will be determined by taking the latest available sale price of recent date, or lacking any recent sales or any record thereof, the simple average of the latest available offer price and the latest available bid price (unless in the opinion of the Manager such value does not reflect the value thereof and in which case the latest offer price or bid price will be used), as at the Valuation Date on which the Total Assets are being determined, all as reported by any means in common use;
- d) the value of any security which is traded over-the-counter will be priced at the average of the last bid and asked prices quoted by a major dealer or recognized information provider in such securities;
- e) the value of any security or other asset for which a market quotation is not readily available will be its fair market value on the Valuation Date on which the Total Assets are being determined as determined by the Manager (generally the Manager will value such security at cost until there is a clear indication of an increase or decrease in value);
- f) any market price reported in currency other than Canadian dollars will be translated into Canadian currency at the rate of exchange available from the Custodian on the Valuation Date on which the Total Assets are being determined;
- g) listed securities subject to a hold period will be valued as described above with an appropriate discount as determined by the Manager and investments in private companies and other assets for which no published market exists will be valued at the lesser of cost and the most recent value at which such securities have been exchanged in an arm's length transaction which approximates a trade effected in a published market, unless a different fair market value is determined to be appropriate by the Manager;
- h) the value of the Forward Agreement and any other forward contract or other derivatives, such as future contracts, swap contracts or options on financial futures, will be the value that would be realized by the Fund if, on the date on which the Total Assets are being determined, the Forward Agreement or any other forward contract were closed out in accordance with its terms; and
- i) the value of any security or property to which, in the opinion of the Manager, the application of the above principles cannot be applied (whether because no price or yield equivalent quotations are available as above provided, or for any other reason) will be the fair market value thereof determined in good faith in such manner as the Manager from time to time.

The Net Asset Value per Unit of a class is calculated in Canadian dollars in accordance with the rules and policies of the Canadian Securities Administrators or in accordance with any exemption therefrom that the Fund may obtain. The Net Asset Value per Unit of a class determined in accordance with the principles set out above may differ from Net Asset Value per Unit determined under Canadian generally accepted accounting principles. For the purposes of calculating the Net Asset Value in connection with redemption of Units on an Annual Redemption Date, the value of the Forward Agreement will be determined on the basis that any bonds, debentures and other debt obligations that are owned by BAB Trust will be valued by taking the bid price on the Valuation Date.

4.1.1 Reporting of Net Asset Value

The Net Asset Value per Unit is provided weekly to Unitholders at no cost on the Manager's website at www.astonhill.ca and is also available to Unitholders upon request, at no cost, by calling 1-800-513-3868.

4.2 AUDIT OF FINANCIAL STATEMENTS

The annual financial statements of the Fund and BAB Trust are audited by the Fund's auditor in accordance with the Canadian generally accepted auditing principles. The auditor is asked to report on the fair presentation of the annual financial statements in accordance with the Canadian generally accepted accounting principles.

5 MANAGEMENT OF THE FUND

5.1 THE MANAGER

Aston Hill Capital Markets Inc. is the manager of the Fund and BAB Trust and is responsible for their management and administration. The registered and head office of the Manager is located at 77 King Street West, Suite 2110, Toronto, Ontario, M5K 1G8.

5.1.1 Duties and Services to be provided by the Manager

Pursuant to the Trust Agreements, the Manager has exclusive authority to manage the operations and affairs of the Fund and BAB Trust, as applicable, to make all decisions regarding the undertaking of the Fund and BAB Trust and to bind the Fund and BAB Trust. The Manager may delegate certain of its powers to third parties where, in the discretion of the Manager, it would be in the best interests of the Fund and/or BAB Trust to do so.

The Manager's duties include maintaining accounting records for the Fund; authorizing the payment of operating expenses incurred on behalf of the Fund and BAB Trust; preparing financial statements, income tax returns and financial and accounting information as required by the Fund; ensuring that unitholders are provided with financial statements and other reports as are required from time to time by applicable law; ensuring that the Fund and BAB Trust comply with regulatory requirements, including its continuous disclosure requirements under applicable securities laws; preparing the Fund's and BAB Trust's reports to unitholders and to the Canadian securities regulators; providing the Custodian with information and reports necessary for the Custodian to fulfill its fiduciary responsibilities; currency hedging; administering the redemption of Units; arranging for any payment required on the termination of the Fund; dealing and communicating with unitholders; and negotiating contracts with third party providers of services, including, but not limited to, custodians, transfer agents, legal counsel, auditors and printers.

The Manager also implements the Fund's and BAB Trust's investment strategy to ensure compliance with the Fund's and BAB Trust's investment guidelines.

The Fund has entered into the Registrar, Transfer Agency and Distribution Agency Agreement. Such agreement does not in any way release the Manager from compliance with its obligations to the Fund under the Fund Management Agreement. The Fund may terminate the foregoing agreement upon notice.

5.1.2 Details of the Manager's Obligations under the Trust Agreements

Pursuant to the Trust Agreements, the Manager exercises the powers and discharge the duties of its office honestly, in good faith and in the best interests of the Fund, BAB Trust and their respective unitholders, as applicable, and in connection therewith, shall exercise the degree of care, diligence and skill that a reasonably prudent manager would exercise in similar circumstances. The Trust Agreements provide that the Sub-Advisor shall not be liable in any way for any default, failure or defect in the securities held by the

Fund or BAB Trust or for any loss or diminution in the value of such securities or other loss or damage suffered by any such person or for any errors of judgment, acts or omissions if it has satisfied the duties and standard of care, diligence and skill set forth above. The Manager will, however, incur liability in cases of willful misconduct, bad faith or negligence or breach of its obligations under the Trust Agreements and is responsible for any investment advisory and portfolio management services provided to the Fund and BAB Trust, including those provided to BAB Trust by the Sub-Advisor.

The Manager may resign as manager of the Fund and/or BAB Trust upon 60 days' notice to the applicable unitholders and to the Fund and/or BAB Trust, as applicable, or upon such lesser notice period as the Fund or BAB Trust, as applicable, may accept. If the Manager resigns it may appoint its successor but, unless its successor is an affiliate of the Manager, its successor must be approved by unitholders of the Fund or BAB Trust, as applicable. If the Manager is in material default of its obligations under the applicable Trust Agreement and such default has not been cured within 20 business days after notice of same has been given to the Manager, the Fund or BAB Trust shall give notice thereof to their respective unitholders, as applicable, and such unitholders may remove the Manager and appoint a successor manager.

The Manager is entitled to fees for its services under the Trust Agreements as described under "Fees and Expenses" and will be reimbursed for all reasonable costs and expenses incurred by the Manager on behalf of the Fund. The Manager and each of its directors, officers, employees and agents will be indemnified by the Fund and BAB Trust, as applicable, for all liabilities, costs and expenses incurred in connection with any action, suit or proceeding that is proposed or commenced or other claim that is made against the Manager or any of its officers, directors, employees or agents in the exercise of its duties as manager, except those resulting from the Manager's willful misconduct, bad faith or negligence or the Manager's failure to meet the standard of care set forth above.

5.1.3 Accounting and Reporting

The Fund's fiscal year-end is September 30. The Manager ensures that the Fund complies with all applicable reporting and administrative requirements.

The Manager keeps adequate books and records reflecting the activities of the Fund. A Unitholder or his or her duly authorized representative has the right to examine the books and records of the Fund during normal business hours at the offices of the Manager. Notwithstanding the foregoing, subject to applicable law, a Unitholder shall not have access to any information, which, in the opinion of the Manager, should be kept confidential in the interests of the Fund.

5.2 PROXY VOTING POLICIES AND PROCEDURES

Subject to compliance with the provisions of applicable law, the Portfolio Manager acting on the Manager's behalf has the right to vote proxies relating to the securities in the Portfolio and the securities held directly by the Fund. Proxies must be voted in a manner consistent with the best interests of the Fund and BAB Trust.

Because BAB Trust does not purchase securities for the purposes of exercising control or direction over the securities of the Portfolio, as a general rule, proxies will be voted with management on routine business. Examples of routine business are voting on the size, nomination and election of the board of directors and the appointment of auditors. All other special or non-routine matters will be assessed on a case-by-case basis with a focus on the potential impact of the vote on the value of the BAB Trust's investment. Examples of non-routine business are stock based compensation plans, executive severance compensation arrangements, shareholders rights plans, corporate restructuring plans, going private transactions in connection with leveraged buyouts, supermajority approval proposals, and stakeholder or shareholder proposals.

On rare occasions, the Portfolio Manager may abstain from voting a proxy or a specific proxy item when it is concluded that the potential benefit of voting the proxy is outweighed by the cost of voting the proxy. In addition, the Portfolio Manager will not vote proxies received for securities which are no longer held in the Portfolio or by the Fund as applicable. On the delivery of the Canadian Securities Portfolio by the Counterparty on November 30, 2015 (being the Forward Termination Date), the Portfolio Manager acting on the Manager's behalf will retain the right to vote proxies relating to the securities in the Canadian Securities Portfolio pursuant to the Portfolio Management Agreement. The Portfolio Manager will vote the proxies relating to the securities in the Canadian Securities Portfolio in the same manner and with the same restrictions as those proxies voted in relation to the securities in the Portfolio.

5.3.1 Details of the Sub-Advisor Agreement

Under the Sub-Advisor Agreement, the Sub-Advisor is required to act at all times on a basis which is fair and reasonable to BAB Trust to act honestly and in good faith with a view to the best interests of BAB Trust and, in connection therewith, to exercise the degree of care, diligence and skill that a reasonably prudent investment advisor would exercise in comparable circumstances. The Sub-Advisor Agreement provides that the Sub-Advisor shall not be liable in any way for any default, failure or defect in the securities held by BAB Trust or for any loss or diminution in the value of such securities or other loss or damage suffered by any such person or

for any errors of judgment, acts or omissions if it has satisfied the duties and standard of care, diligence and skill set forth above. The Sub-Advisor will, however, incur liability in cases of willful misconduct, bad faith or negligence or breach of its standard of care set forth above.

The Sub-Advisor Agreement will continue in effect unless earlier terminated in accordance with the terms thereof. If the Manager is terminated, the Sub-Advisor Agreement will terminate at such time. The Manager may terminate the Sub-Advisor Agreement if the Sub-Advisor has committed certain events of bankruptcy or insolvency, has lost any registration, license or other authorization required to perform its services thereunder or is in material breach or default of the provisions thereof and such material breach or default has not been cured within 20 Business Days after notice thereof has been given to the Sub-Advisor by the Manager.

The Sub-Advisor Agreement includes various customary rights of termination, including that the Sub-Advisor may terminate the Sub-Advisor Agreement upon 20 business days' notice in the event that BAB Trust or the Manager is in material breach or default of the provisions thereof and such material breach or default has not been cured within 20 business days' notice of same to the Manager and to BAB Trust, as applicable, or in the event that there is a material change in the investment guidelines of BAB Trust. In addition, either the Manager or the Sub-Advisor may terminate the Sub-Advisor Agreement upon 90 days' notice to the other party.

Any amendment to the Sub-Advisor Agreement which would have an adverse effect on the ability of BAB Trust to perform any of its material obligations under any material agreements to which it is a party requires the prior written consent of the Manager, which consent shall not be unreasonably withheld or delayed.

The Manager is responsible for the payment of the fees of the Sub-Advisor out of its fees.

5.4 CONFLICTS OF INTEREST

The services of the Sub-Advisor and its officers and directors are not exclusive to BAB Trust or the Manager. The Sub-Advisor or any of its affiliates and associates may, at any time, engage in the promotion, management or investment management of any other entity which invests primarily in the same securities as those held by BAB Trust and provide similar services to other investment funds and other clients and engage in other activities. Investment decisions for BAB Trust will be made independently of those made for other clients and independently of investments of the Sub-Advisor. On occasion, however, the Sub-Advisor may identify the same investment for BAB Trust and for one or more of its other clients. If BAB Trust and one or more of the other clients of the Sub-Advisor are engaged in the purchase or sale of the same security, the transactions will be effected on an equitable basis.

These fees and expense reimbursements are allocated across investment funds that are managed by the Manager in a manner that is fair and reasonable. Any such resignation or removal shall become effective only upon the acceptance of appointment by a successor. If the Trustee resigns, its successor may be appointed by the Manager. The successor must be approved by Unitholders if the Trustee is removed by Unitholders. If no successor has been appointed within 90 days, the Fund will be terminated.

The Trust Agreement provides that the Trustee shall not be liable in carrying out its duties under the Fund Trust Agreement except where it is in breach of its obligations under the Fund Trust Agreement or where the Trustee fails to act honestly and in good faith, and in the best interests of Unitholders to the extent required by laws applicable to trustees, or to exercise the degree of care, diligence and skill that a reasonably prudent trustee would exercise in comparable circumstances. In addition, the Fund Trust Agreement contains other customary provisions limiting the liability of the Trustee and indemnifying the Trustee, or any of its officers, directors, employees or agents, in respect of certain liabilities incurred by it in carrying out its duties.

No Service Fee is payable in respect of the Class F Units.

7 CANADIAN FEDERAL INCOME TAX CONSIDERATIONS

This summary is not exhaustive of all possible Canadian federal income tax considerations applicable to an investment in Units and does not describe the income tax consequences relating to the deductibility of interest on money borrowed to acquire Units. Moreover, the income and other tax consequences of acquiring, holding or disposing of Units will vary depending on an investor's particular circumstances including the province or territory in which the investor resides or carries on business. Accordingly, this summary is of a general nature only and is not intended to be legal or tax advice to any investor. Investors should consult their own tax advisors for advice with respect to the income tax consequences of an investment in Units, based on their particular circumstances.

7.1 STATUS OF THE FUND

The Fund qualifies and intends to qualify as a "unit trust" and a "mutual fund trust" within the meaning of the Tax Act that the Fund elected under the Tax Act to be a mutual fund trust from the date it was established. To continue to qualify as a mutual fund trust, (i) the Fund must be a Canadian resident "unit trust" for purposes of the Tax Act; (ii) the only undertaking of the Fund must be the investing of its funds in property (other than real property or interests in real property); and (iii) the Fund must comply with certain minimum requirements respecting the ownership and dispersal of Units. An additional condition to continue to qualify as a mutual fund trust for purposes of the Tax Act is that the Fund may not be established or maintained primarily for the benefit of non-resident persons unless, at all times, substantially all of its property consists of property other than "taxable Canadian property" within the meaning of the Tax Act. If the Fund were not to qualify as a mutual fund trust at all times, the income tax considerations as described below and under would in some respects be materially different.

7.2 TAXATION OF THE FUND

The Fund is subject to tax in each taxation year under Part I of the Tax Act on the amount of its income for the year, including net realized taxable capital gains, less the portion thereof that it deducts in respect of the amount paid or payable to Unitholders in the year. The Fund deducts, in computing its income in each taxation year, the full amount available for deduction in each year and, therefore, provided the Fund makes distributions in each year of its net income and net realized capital gains as described under "Distributions", it will generally not be liable in such year for income tax under Part I of the Tax Act, subject to the possible application of the SIFT Rules as discussed below. The Fund is entitled for each taxation year throughout which it is a mutual fund trust to reduce (or receive a refund in respect of) its liability, if any, for tax on its net realized capital gains by an amount determined under the Tax Act based on the redemptions of Units during the year ("capital gains refund"). The capital gains refund in a particular taxation year may not completely offset the tax liability of the Fund for such taxation year which may arise upon the sale of Canadian Securities Portfolio securities acquired by the Fund under the Forward Agreement in connection with redemption of Units. In computing its income for tax purposes, the Fund may deduct reasonable administrative and other expenses incurred to earn income. The Fund may deduct the costs and expenses of the Offerings paid by the Fund and not reimbursed at a rate of 20% per year, pro-rated where the Fund's taxation year is less than 365 days.

The Fund does not realize any income, gain or loss as a result of entering into the Forward Agreement and no amount is included in computing the Fund's income as a result of the acquisition of Canadian Securities Portfolio securities under the Forward Agreement. The cost to the Fund of such Canadian Securities Portfolio securities is that portion of the aggregate amount paid by the Fund under the Forward Agreement attributable to such securities and any other costs of acquisition. Provided the Fund elects in accordance with the Tax Act to have each of its Canadian securities treated as capital property, gains or losses realized by the Fund on the sale of Canadian Securities Portfolio securities acquired under the Forward Agreement are taxed as capital gains or capital losses.

7.3 TAXATION OF UNITHOLDERS

Subject to the possible application of the SIFT Rules described above, a Unitholder is generally required to include, in computing income for a taxation year, the amount of the Fund's net income for the taxation year, including net realized taxable capital gains, paid or payable to the Unitholder in the taxation year. The non-taxable portion of the Fund's net realized capital gains paid or payable (whether in cash or in Units) to a Unitholder in a taxation year will not be included in the Unitholder's income for the year. Any other amount in excess of the Fund's net income for a taxation year paid or payable to the Unitholder in the year will generally not be included in the Unitholder's income. Such amount, however, will generally reduce the adjusted cost base of the Unitholder's Units. To the extent that the adjusted cost base of a Unit would otherwise be less than zero, the negative amount will be deemed to be a capital gain realized by the Unitholder from the disposition of the Unit and the Unitholder's adjusted cost base will be increased by the amount of such deemed gain. Provided that appropriate designations are made by the Fund, such portion of the net realized taxable capital gains of the Fund as is paid or payable to a Unitholder will effectively retain its character and be treated as such in the hands of the Unitholder for purposes of the Tax Act.

On the disposition or deemed disposition of a Unit, the Unitholder will realize a capital gain (or capital loss) to the extent that the Unitholder's proceeds of disposition (net of any reasonable costs of disposition) exceed (or are less than) the adjusted cost base of the Unit. Any capital gains distribution paid on the redemption of a Unit will reduce the redemption proceeds otherwise payable. For the purpose of determining the adjusted cost base to a Unitholder, when a Unit is acquired, the cost of the newly acquired Units will be averaged with the adjusted cost base of all Units owned by the Unitholder as capital property before that time. For this purpose, the cost of Units that have been issued as an Additional Distribution will generally be equal to the amount of the net income or capital gain distributed to the Unitholder in Units.

One-half of any capital gain ("taxable capital gain") realized on the disposition of Units will be included in the Unitholder's income and one-half of any capital loss realized may be deducted from taxable capital gains in accordance with the provisions of the Tax Act. In general terms, net income of the Fund paid or payable to a Unitholder that is designated as net realized taxable capital gains or taxable capital gains realized on the disposition of Units may increase the Unitholder's liability for alternative minimum tax.

Based in part on the current published administrative policies and assessing practices of the CRA, a conversion of Class F Units into Class A Units will not constitute a disposition of the Class F Units for the purposes of the Tax Act.

7.4 FEDERAL BUDGET ANNOUNCEMENT

On March 21, 2013, the Minister of Finance announced proposals in a federal budget that would treat the gain realized by a mutual fund under such forward agreements as ordinary income rather than a capital gain, if the forward agreement was entered into or extended on or after March 21, 2013. On July 11, 2013, the Department of Finance announced proposed technical changes to the transitional rules related to character conversion transactions announced in the federal budget. One of the announced changes includes the extension of the transition period for short-term agreements. The extended grandfathered period allows investment funds, whose forward agreements were entered into prior to March 21, 2013 and the terms of which provide for settlement or are a part of series of agreements that provide for settlement prior to 2015, to extend their forward agreements until end of 2014. For longer-dated forward agreements, the grandfathering transitional period will not extend beyond March 21, 2018. Grandfathering is subject to certain growth rules with which the Fund intends to comply. The federal budget, part of Bill C-4, was enacted into law on December 12, 2013.
