

LOGIQ U.S. Conservative Growth Fund & Class

Investment Objective

The Fund's investment objective is to achieve long-term capital growth by investing primarily in equity securities of U.S. companies. The Fund may also invest a lesser percentage of its assets in non-U.S. equity securities, as well as hold cash or fixed income securities for strategic reasons. The Fund combines a style and sector agnostic portfolio of U.S. dividend paying equities with alternative option-based strategies to protect capital, generate incremental returns and reduce volatility relative to long-only U.S. equity products.

Why Buy This Fund?

- Long-biased alternative equity fund focused on mid and large cap U.S. dividend paying equities.
- Capital preservation: option-based protection strategies to limit losses and reduce volatility.
- Enhanced returns: combine disciplined buy/sell process with covered option writing strategies to generate incremental returns from premium income.
- Pays a monthly distribution of \$0.029/unit (~ 3.6% yield per annum)
